TAVNEOS® Patient Education Program

This patient-focused educational session is a 30-minute video providing information about how patients can optimize their GPA and MPA treatment with TAVNEOS®.

The video features Dr. Arvind Madan, a practicing nephrologist in Orlando, FL and Dr. Dia Waguespack, a nephrologist practicing in Houston, TX.

The session will provide answers to the following questions:

- What should I look out for with my severe active GPA or MPA?
- How can adding TAVNEOS® help with my treatment?
- How do I know if TAVNEOS® is right for me?
- How can I advocate for myself during my treatment journey?
- What can I expect when starting TAVNEOS®?

Optional Lunch Session

12:00 to 12:30 pm

Location:

Bio-Engineering Classroom

The program is considered a promotional program and both speakers are compensated by Amgen for their participation.
